122°55' Longitude & 40°45' Latitude

FINDINGS

1. This facility is a 40 acre Class II-2 sanitary landfill. The area method of operation is utilized. The facility is located west of Weaverville Airport with an access road at the south end of the airstrip. The site receives an annual average of 20 tons per day combined wastes on a 5-day per week basis. Types of wastes received at the site include

- (1) Residential and commercial wastes
- (2) Tires
- (3) Auto bodies
- (4) White goods
- (5) Wood wastes
- (6) Dead animals (24 hour prior notice required before disposal)
- (7) Septic tank pumpings
- (8) Infectious wastes (proposed per California Administrative Code Title 22 Section 70847)

Hazardous wastes are not accepted at the site. The site is open seven (7) days per week from 8:00 a.m. to 5:30 p.m., excluding holidays.

A solid waste disposal information telephone number will soon be available.

Additional information concerning the facility's design and operation is included on pages through 8 of the Report of Disposal Site Information, which is hereby made part of this permit.

2. There will be no proposed changes in the facility's operation in the next five (5) years.
3. The following documents condition the design and operation of this facility:
 - a. Waste Discharge Requirements have been applied for from the North Coast Regional Water Quality Control Board. Because the site was in operation before the implementation of CEQA, no Environmental Impact Report is required.

(Continued on Page 2)

This permit is granted solely to the operator named above, and is not transferable. Upon a change of operator, this permit is subject to revocation. Upon a significant change in design or operation from that described in this permit or in attachments thereto for the existing design and operation of a facility operating immediately prior to August 15, 1977, or from the approved intended design and operation of a facility which was not operating prior to August 15, 1977, or which herein is granted a permit modification, this permit is subject to revocation, suspension, modification or other appropriate action.

This permit does not authorize the operation of any facility contrary to the State Minimum Standards for Solid Waste Handling and Disposal. This permit cannot be considered as permission to violate existing laws, ordinances, regulations, or statutes of other government agencies.
